

## NAIOP Chicago 35<sup>th</sup> Annual Awards for Excellence Finalists Engineering Firm of the Year

1. Kimley-Horn.
  - a. Kimley-Horn is a national, full-service consulting engineering firm with 6,000+ employees and 100+ offices nationwide—including 200+ employees in our three Chicagoland offices. This past year we have solved complex design and planning issues for private and public sector clients by providing comprehensive engineering services. Kimley-Horn had a remarkable year designing projects that will add to the Chicago region, changing the landscape of the development community. This last year, we worked on 200 projects for industrial, retail, and commercial clients in Illinois. In 2022, Kimley-Horn was named #1 in both Distribution and Warehouses and Retail by Engineering-News Record.
